

CONTROLLED CHAOS

This exercise is called Controlled Chaos...because it is. You are supplied with 8 Unit Cards, each with a beginning status. As students hear units change status, they should record what is heard on the appropriate card.

To receive points the student must be able to advise the proper location of the units at the end of the tape. The instructor should first go over call signs.

The students will have to decide which unit is on the phone.

Total 100 Points:

2A1-10 Points: 2A12-20
Points: 12A2-10 Points

Unit 2-10 Points: 11A2-10
Points: 12A1-20 Points:

2S11-0 Points

CHAOS SCRIPT

The script below displays the radio messages for each of the units.
The last status should be listed on the student's status card.
